Crochet Mitered Square Shawl

Designer: **Carlene Paquette (carleneruns)** Last updated: July 7, 2009

This pattern is the basic recipe for the shawl.

Squares are worked so that the first 2 rows are done in black, and the remainder of the square is done in the the coloured yarn.

The first square worked is the one at the bottom point of the shawl. From there you work upward toward the top/edges.

You can choose whether or not to add the larger squares. If you omit the larger squares, you can easily make a smaller shawl by making fewer rows of squares.

The top row uses triangles to fill in the spaces between the squares. A plain black border is worked around the entire shawl, then a frilly coloured border is added.

Photos show the triangles in the top row, and the border detail.
